11th Annual Green Building Expo postponed to Spring 2009

Loyal exhibitors, partners, and attendee's of Scottsdale's Green Building Expo,

The 11th Annual Green Building Expo previously planned for fall 2008 has been officially postponed to spring 2009. The tentative date/location for the Spring event is March 5, 6, 7 at the Scottsdale Civic Center Mall.

Upon reviewing and incorporating the feedback by participants of past expo's; **the spring event offers many new benefits to attendees and better serves exhibitors and partnering entities.**

Details of the spring event will be posted on two websites (see below) with firm venue information including location, dates, registration, exhibitor solicitation, and costs soon to come.
